Faculty of Computer Science, Dalhousie University	*10-Oct-2023*

CSCI 4152/6509 — Natural Language Processing

Lecture 11: P0 Topics Discussion

Location: Rowe 1011   Instructor: Vlado Keselj
Time: 16:05 – 17:25

Previous Lectures

- **Probabilistic approach to NLP**
- Logical vs. plausible reasoning
- Probabilistic approach to NLP
    - logical vs. plausible reasoning
    - plausible reasoning approaches
- Probability theory review
- Bayesian inference: generative models

P0 Topics Discussion

- Discussion of individual projects as proposed in P0 submissions
- Projects discussed: P-01, P-03, P-04, P-05, P-06, P-07, P-08, P-09, P-11.
